# PUZZLE PARTY!

## Bouncing Around The Room

What's a good party without music? Go ahead, put something on! As for me, I can't approach a large stack of CDs without turning them into a puzzle. Each group of artists below has something in common. Figure out what that something is, then choose another band or artist from the list on the next page that also shares that trait. The first letters of these new artists will spell out your answer. By the way, for purposes of this puzzle ignore "The" when it comes at the start of a band's name. *(With thanks to music know-it-all Francis Heaney.)*

### Group 1

Bananarama	Chaka Khan
Frank Zappa	Taj Mahal

### Group 2

Annie Lennox	The Bee Gees

### Group 5
